[18] ε_3 jumps to Jālaṃdharabandha (3.67) from here. For the lost part (3.50−3.66) ε_4 is used instead.

[19] $\beta_1\beta_2$ has this verse immediately after 3.39, $\alpha_1\Delta$ in Ch. 4 (4.8*4), and $\Gamma\alpha_2\alpha_3$ in both Ch. 3 and 4.

[20] After this header the description of Uḍḍīyāna is found in α_3, followed by the description of Mūlabandha. $\beta_\omega\chi$ have the Mūlabandha section (including its header) after the Uḍḍīyāna as in the order of mudrās mentioned in 3.6.

[22] In χ this verse is found after 3.73.

[23] α₁α₃Bε₂ε₃χ have this verse in chp. 2. Δ does not have it at all. α₂Γη₁η₂ have it in both chp. 2 and 3. It is very likely that this verse is a later addition to the apograph of α₂, since it is followed by 3.37*1–2 in this ms.
